The training holistically addresses challenges women face in facilitating women’s empowerment and sustainable development. It aims to provide an opportunity for peer-to-peer exchange, tailor-made instructions by international experts and to prepare young women from diverse regions to become involved in the decision-making processes that impact the world sustainably.

OBJECTIVE

TARGET GROUP

- 20 women between the ages of 22 and 35
- Prerequisite academic degree: Bachelor’s degree and higher
- Academic background: interdisciplinary
- Proven dedication to the Sustainable Development Goals and/or women’s empowerment
- Minimum level of English language skills B2

WOMEN'S EMPOWERMENT PROGRAMS
PROJECTED IMPACT

GLOBAL PEER-TO-PEER LEARNING
Fostering the exchange of ideas and perspectives among women with diverse cultural and professional backgrounds to increase their capacity of holistic problem-solving and change-making.

CAPACITY-BUILDING FOR THE SDGS
Familiarizing young female potentials with the 2030 Agenda and sustainable development to empower future female leaders to incorporate the SDGs in their daily work across a broad spectrum of professional disciplines.

REGIONAL ALUMNI NETWORKS
Creating a personal and professional network of young female leaders from various global regions, who are interconnected through a common experience and can draw on each other's expertise, experience, and knowledge.

ALUMNI PLATFORM
Consolidating the network of alumni through follow-up conference calls and a virtual platform to exchange thoughts and ideas about women's empowerment and sustainable development.
