GLOBAL CITIZEN FELLOWSHIP PROGRAM
Ban Ki-moon Centre for Global Citizens
ABOUT THE PROGRAM
The Global Citizen Fellowships are long-term leadership development opportunities awarded to exceptional young aspiring leaders, who seek to strengthen their capacities to become changemakers for sustainable development.

The fellows take part in a two-week in-person training in Vienna, Austria, executed in cooperation with the Diplomatic Academy of Vienna. The fellows subsequently participate in a six-month online phase where they receive guidance to implement an SDG Micro-Project in their own communities.

TARGET GROUP
✓ 20 people between the ages of 22 and 35*
✓ Bachelor’s degree and higher
✓ Multidisciplinary academic and professional background

WOMEN'S EMPOWERMENT PROGRAMS
✓ Asia
✓ Gulf Cooperation Council member-states
✓ Latin America (Planned)
✓ Arab League (Planned)
✓ Africa (Tentative)

PROGRAM PARTNER

*The application age range may vary depending on specific regions and programs.
GLOBAL CITIZEN FELLOWSHIPS

IN-PERSON TRAINING

NETWORKING FOR CHANGE
The program puts great emphasis on strengthening the fellows’ networking skills by participating in various high-level conferences, events, and receptions. Additional networking exercises challenge the fellows to broaden their professional network.

EXTRACURRICULAR ACTIVITIES
A main objective is to establish a network of young change-makers that persists well beyond the duration of the fellowship. Exciting extracurricular and team-building activities throughout the in-person training aim to foster a strong bond among the fellows.

SDG MICRO-PROJECTS
A crucial goal of the training is to equip fellows with the skills needed to become effective changemakers and encourage them to develop an idea for a project that contributes to the achievement of one or more SDGs. Upon returning to their home communities, within the six months following their in-person training, with the advice of the BKMC, the fellows implement an SDG Micro-Project.
